2.4.1.10: Disbursement of subsidy

- The subsidy shall be released to the applicant's bank account through PFMS in cases where the application is complete in all respects and found satisfactory and only after approval of post installation inspection report submitted by the Coffee Quality Division, Coffee Board, Bengaluru.
- The submission of application by the applicant or acceptance of the application by the office does not entitle the applicant for the eligible subsidy from the Coffee Board. The applicant is assured of release of eligible subsidy funds if technical feasibility report is issued and installation is found satisfactory as per the norms subject to the availability of funds.
- The Coffee Board reserves the right to amend, amplify or abrogate in its discretion any of the terms and conditions of the scheme without notice as it may consider necessary for efficient execution of the scheme and fulfilment of its objectives.
- Applications of persons who resort to making offers, rewards, gifts or any material benefit, or any coercion either directly or indirectly, to influence the sanction process shall summarily be rejected. Similarly, legal action will be initiated for recovery with applicable interest against applicants who obtain the subsidy benefit by wilfully furnishing wrong/incorrect information, misrepresentation and suppression of information.

2.4.1.11: Specifications of Coffee Roasting, Grinding & Packaging machinery eligible for subsidy

Sl. No.	Machineries	Minimum Specifications	Details
1.	Roasting unit Gourmet Roasting Unit 1 Kg to <10 Kg/batch	1 kg to <10 Kg/batch	1 Kg/batch or more air/ drum roasters including all convention & convection systems with <10 kg capacity of ± 2 kg or roasting chamber capacity working on electrical / LPG/ Diesel / different fuel systems. They may be simple / digital with control panel provided with any pollution control devices, online control systems
	Small Roasting units 10 Kg <25 Kg/batch & Large Roasting units of >25 Kg/batch	10 Kg/batch to <25 kg capacity Technically exact quantity of 25 Kg capacity cannot be achieved in drum roasting system, hence ± 2 Kg is allowed. >25 kg capacity	25 kg/batch or more air roasters includes all convention & convection systems with 25 kg capacity of ± 2 kg or roasting chamber of >25 kg capacity working on electrical / LPG/ Diesel / different fuel systems. They may be simple / digital with control panel provided with any pollution control devices, online control systems
2.	Grinding Unit	15 Kg capacity per hour (stone mills are not eligible)	Minimum 10 - 30 kg/hour micro roasting units (disc mills, roll mills, water cooled roasting units)
3.	Packaging Unit	For roasting units according to the capacity different packaging machines are eligible	Packaging machineries includes: Hand sealing machine, Pedal sealing machine; Continuous sealing machine; Filling and sealing machine; Form fill and sealing machine; Automatic or semi-automatic Nitrogen flushing and sealing machine, vacuum sealing machine or Vacuum & Nitrogen flushing and sealing machine (automatic or semi-automatic) pod forming, filling and sealing, capsules filling and sealing, liquid coffee filling and pouch forming machines, powder or liquid filling and sealing machines or any other new technologies developed for liquid coffee / powder coffee / coffee beans are eligible for subsidy.

Note: Items listed above would cover all types of machinery and equipment of different makes and specifications available in the market for both indigenous and imported machineries up to a maximum ceiling of 15.00 Lakhs respectively as per scheme modalities.

***Packaging machine is Mandatory.**

User Manual for Applicants

Subsidy Scheme for Value Addition - Roast & Ground Units – India Coffee App

Introduction

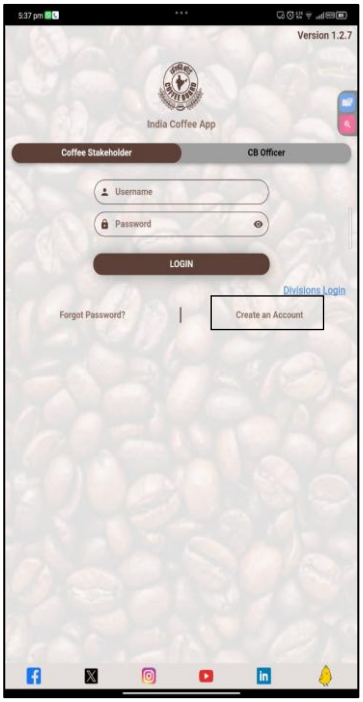

This User Manual provides a step-by-step guide to applying for the Coffee Board's Subsidy Scheme for Value Addition (Roast & Ground Units) through the India Coffee App. Applicants can use this guide to submit Feasibility Applications and Subsidy Claims.

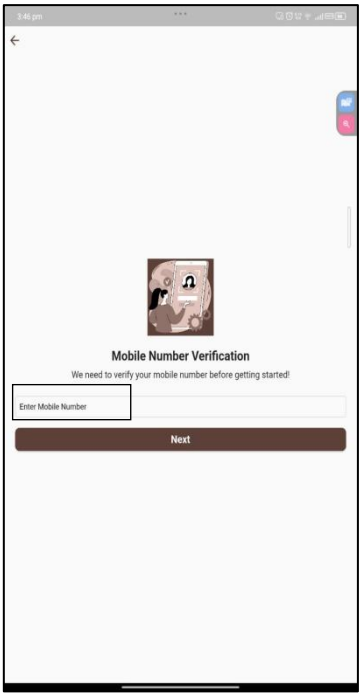

1. Registration on the India Coffee App

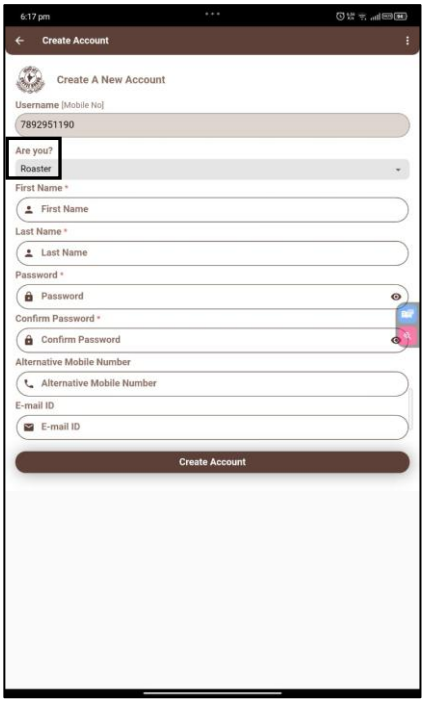

1. Download (Google Play Store or Apple Store) and open the India Coffee App. User can find the below link to download 'India Coffee App
   For Android: https://play.google.com/store/apps/details?id=com.ict.coffee_board
   For IOS: https://apps.apple.com/in/app/india-coffee-app/id6447777147
   User can find the below QR code of 'India Coffee App' for both Android and IOS

(Android QR Code) **(IOS QR Code)**

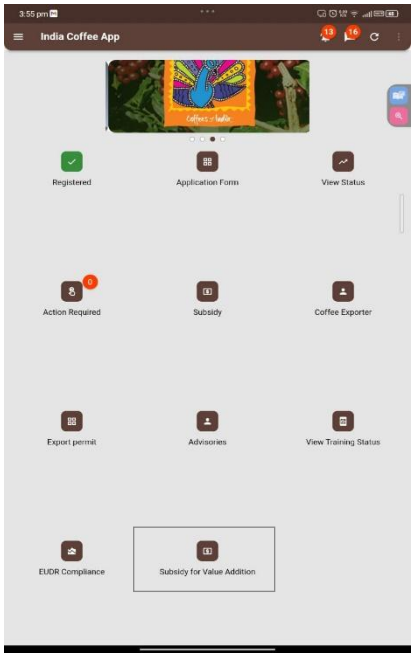

2. Click on **“Create an Account”.** Using your **mobile number** (OPT based), register.
3. Select **“Roaster/Curer/Grower”** option as applicable for the field “Are you?” (Please do not select Coffee Lover or Departmental User options.
4. Complete the registration process by entering the Name, Password, Confirm Password, Alternate mobile number, Email ID.

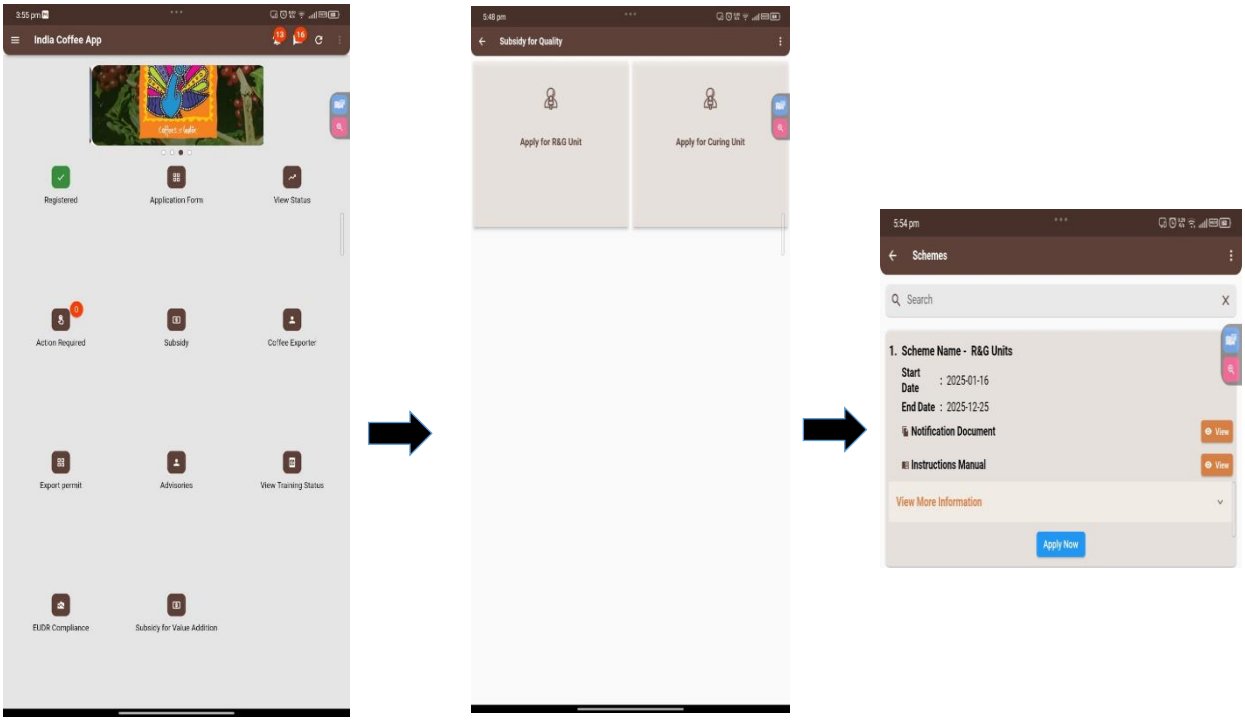

5. After registration, log in to access the dashboard

2. Submitting the Feasibility Application

Step 1 – Navigate to the Application

From the dashboard, go to: **Subsidy for Value Addition** > **Apply for R&G Units** > **Apply Now**

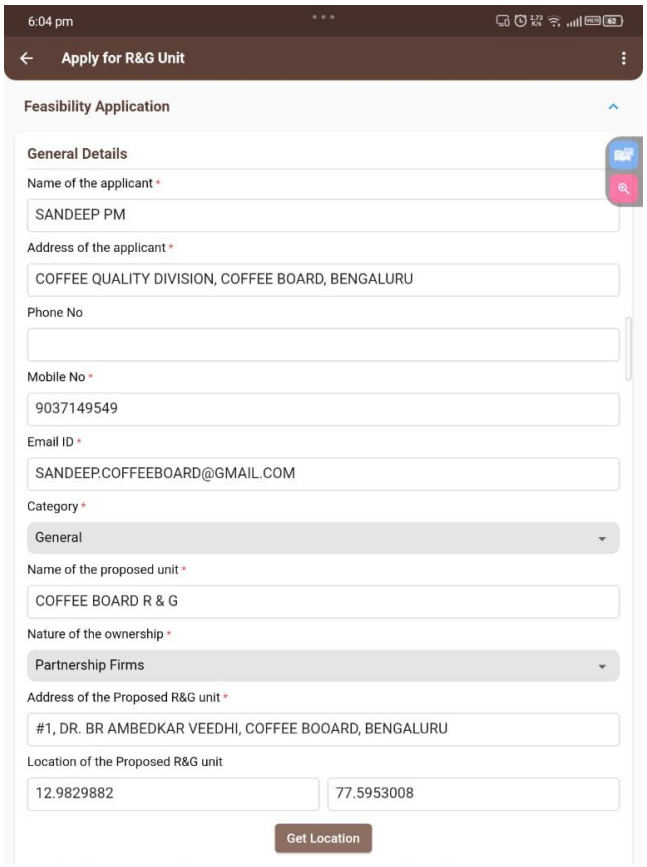

Step 2 – Read Guidelines

Read: Notification Document and User Manual.

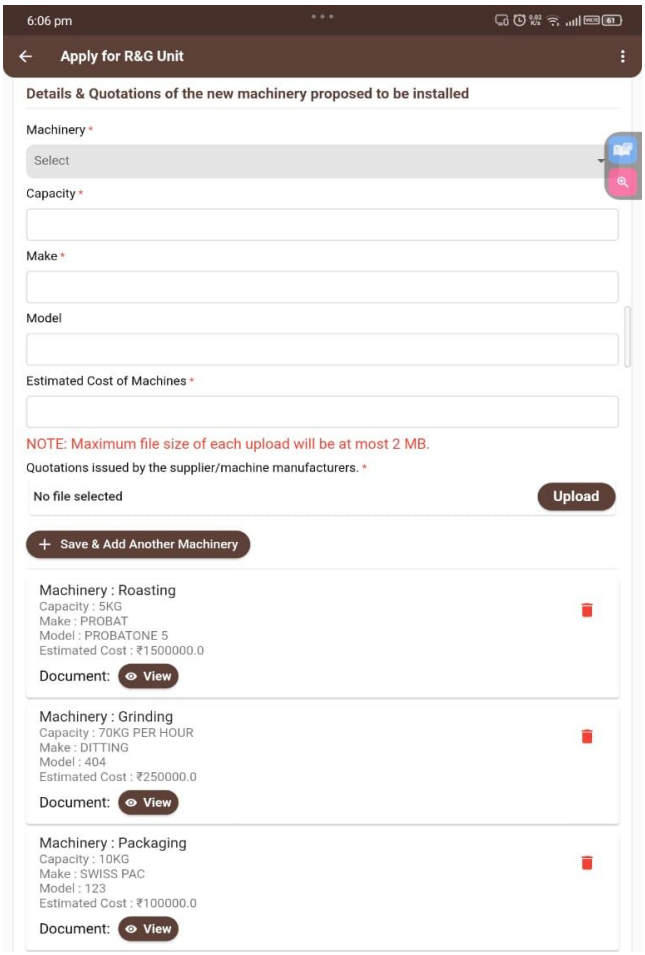

Step 3 – Fill in Application Details

Click on **Feasibility Application**, enter General Details, and save the location of the proposed unit.

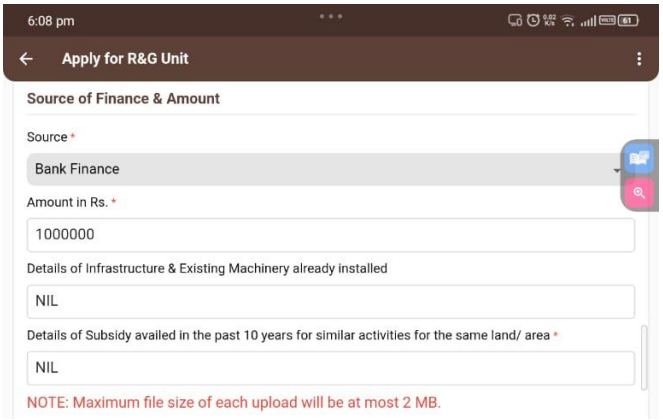

Step 4 – Add Machinery Details

Add details of proposed machinery (Roasting/Grinding/Packaging) and upload the supplier's quotations (Max file size: 2 MB, formats: .jpg or .pdf). The saved machinery and the relevant document uploaded can be viewed as shown in the screenshot.

Step 5 – Finance Details

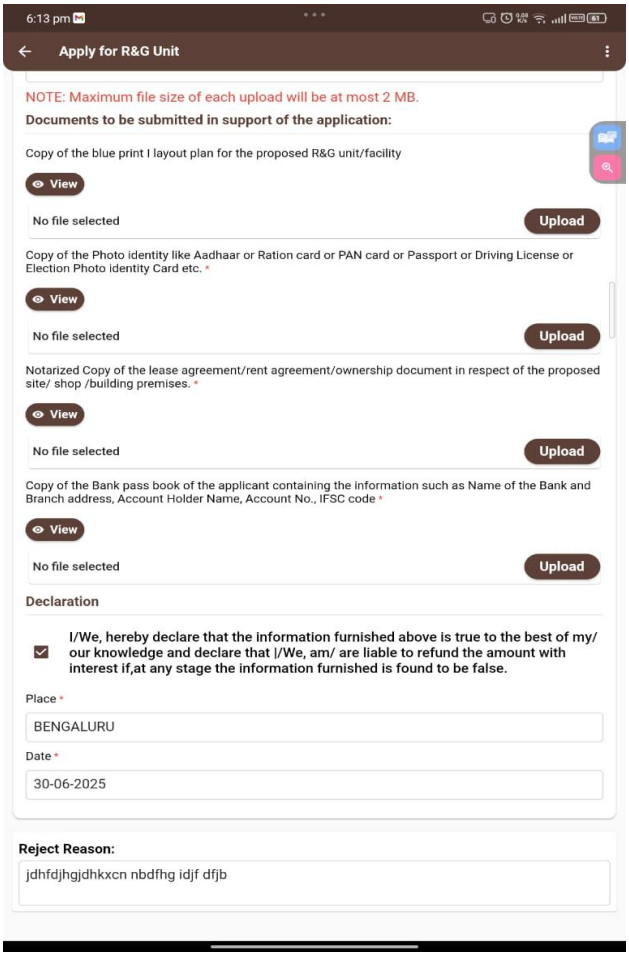

Select Source of Finance: Bank finance / Self-finance / Combination of both.

Step 6 – Upload Required Documents

Upload clear scanned copies (Max 2 MB per file, .jpg or .pdf):
- Layout plan

- Identity proof (Aadhaar, PAN, Passport, etc.)
- Quotations
- Lease/ownership documents
- Bank passbook
- Caste/disability certificate (if applicable)

Step 7 – Declaration & Submission

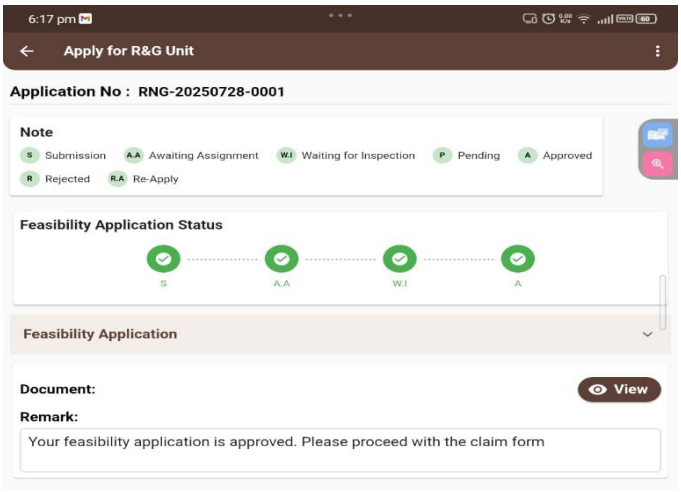

Accept the Declaration, enter the Place (date auto fetched). **Choose Save as Draft (to edit later) or Submit (final submission). Submitted applications are sent to the Divisional Head for processing.**

Step 8 – Feasibility Inspection

The Coffee Board officials will visit for site inspection. The feasibility report will be uploaded to the app.

Step 9 – Viewing Report & Status

Log in to view Feasibility Report, Remarks, and Application Status. If positive, proceed to machinery procurement; if negative, correct issues and resubmit.

3. Procuring and Installing Machinery

Only after receiving a favorable report shall the applicant procure, install, and commission the machinery.

4. Submitting the Final Subsidy Claim Application

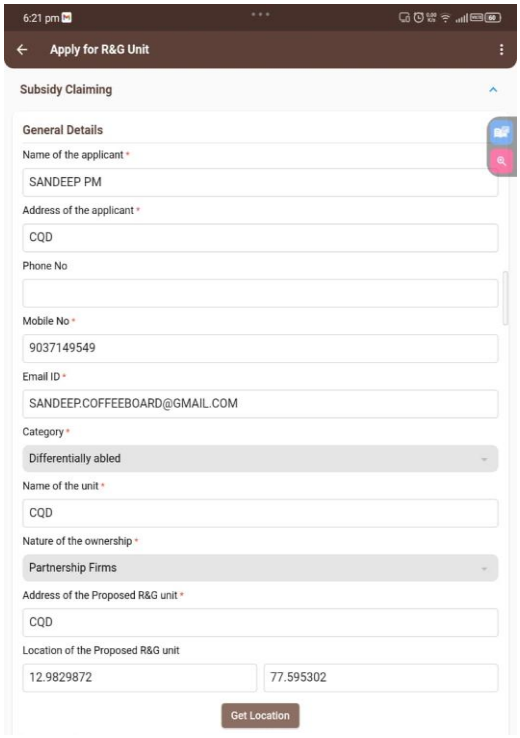

Step 1 – Navigate to Claim Form

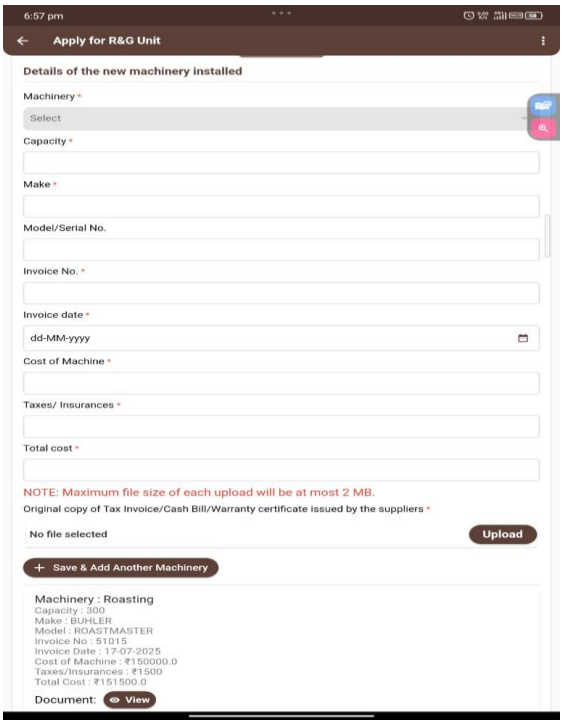

From dashboard: Subsidy for Value Addition > Apply for R&G Units > Apply Now

Step 2 – Fill in Details

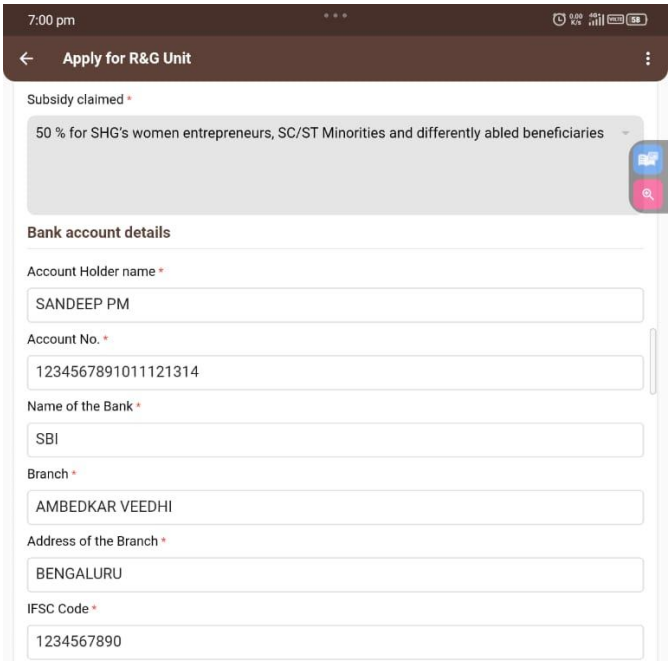

Select Subsidy Claiming. Enter General Details and unit location. Add installed machinery details with invoices.

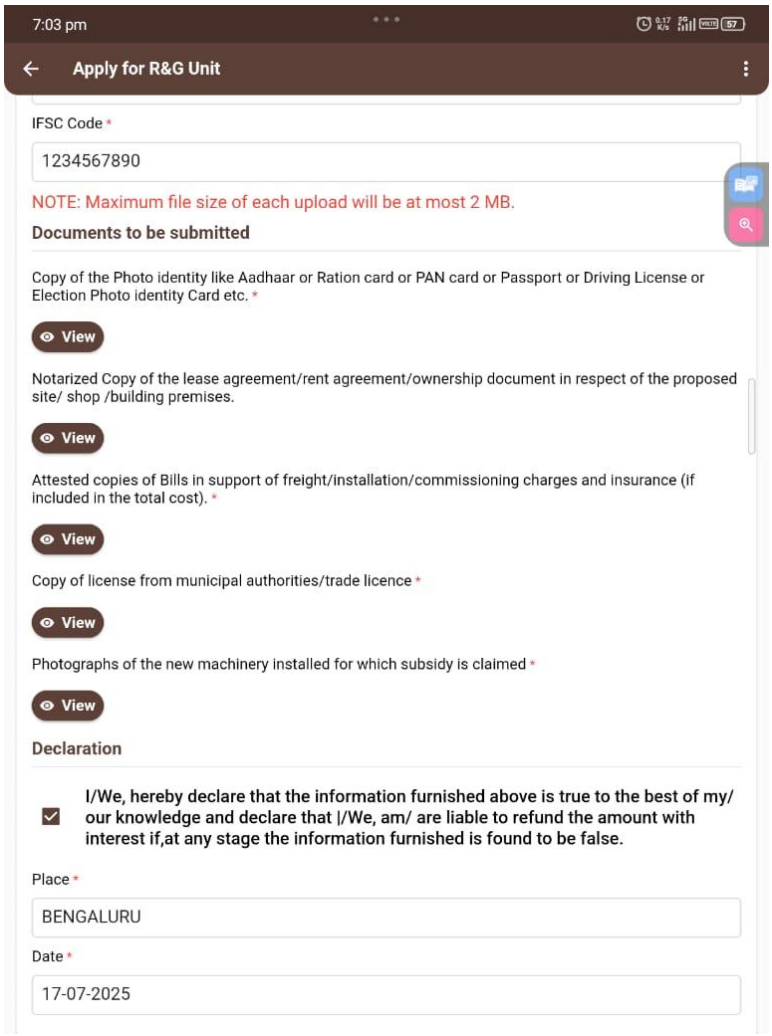

Step 3 – Enter Subsidy Details

Select the percentage of subsidy from the dropdown. Provide Bank Account Details carefully.

Step 4 – Upload Required Documents

Upload the set of documents as listed. Please note that for “Photographs of the new machinery installed for which subsidy is claimed “ the applicant shall include the images of all the proposed machinery in one single document and upload the same.

Step 5 – Declaration & Submission

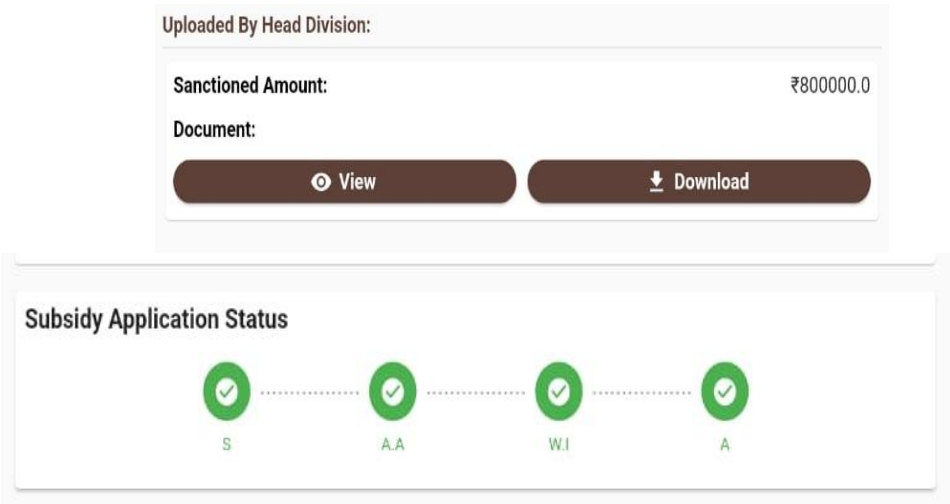

Accept the Declaration, enter Place (date auto fetched). Save as Draft or Submit.

Step 6 – Processing & Inspection

Application is reviewed and assigned for site inspection. If approved, a Sanction Order will be issued.

Step 7 – Viewing the Sanction Order

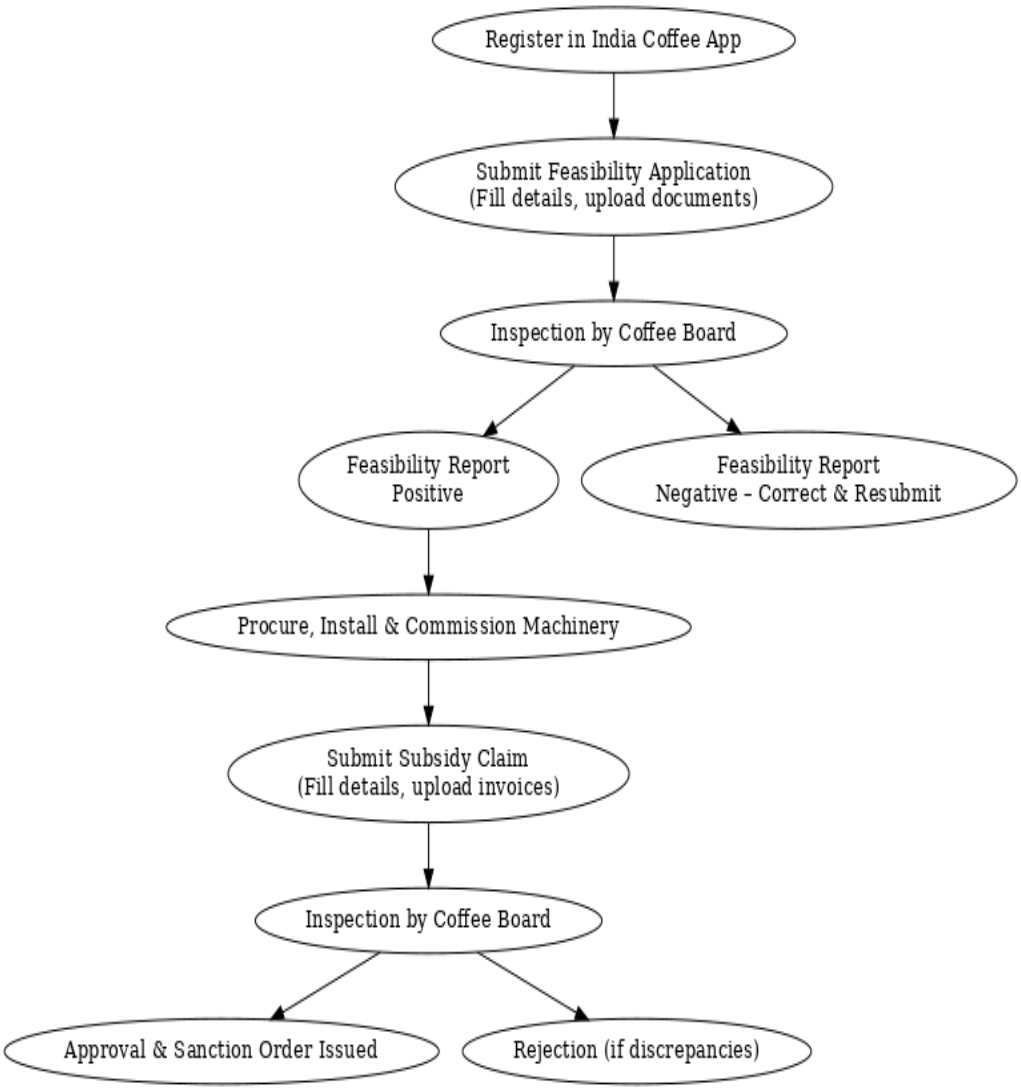

Log in to view and download the sanctioned amount and Sanction Order. Track Subsidy Application Status.

Important Notes

- Applications are processed on a first-come, first-served basis.
- Ensure all documents are clear and complete.
- Funds are subject to availability.
